

Subject: Application for Junior Developer Position

Esteemed Hiring Manager,

I write to express my interest in the Junior Developer position that was advertised on your company's LinkedIn profile. I am confident that my passion for technology and aptitude for learning will make me a valuable worker for your team.

I am studying an associate degree in software analysis and development and have completed some courses in software development. I have gained experience in programming languages such as Java and Python as well as Spring boot framework, and tools like GitHub and Azure DevOps.

I am looking forward to learning and apply my skills to real-world projects. I am analytical, autonomous, highly motivated, and detail oriented. I have a strong work ethic, excellent problem-solving skills, assertive communication and I am committed to producing high-quality work.

I am impressed by your company's reputation in the industry, and I believe that your organization would provide an ideal environment for me to grow and develop my skills. Thank you for considering my application.

I have also attached my resume and hope to have the opportunity to discuss my qualifications in an interview. You can contact me at phone number 3000000000 and the email example@mail.com.

Sincerely,

Daniel Arias
